CHURCH CASHIER
SKIPS WITH FUNDSAUGUST BARZ MUCH WANTED
THESE DAYS.

Members of St. Paul's German Lutheran Church Say That He Was Dishonest—Now Resides In Chicago Living on Their Cash—Summons Served on His Property.

August Barz, who served for several years as cashier of St. Paul's German Lutheran church in this city, has deserted, taking with him funds belonging to the church. In the neighborhood of \$250 was taken by Barz, and for some time past it is said that he has been residing in Chicago.

Members of the church talk but little about the matter other than it happened several months ago, and that they are still minus the money.

A prominent member of the church stated this morning that after Barz had been missing from the city for several days it began to be whispered about that there was something wrong with the funds of the church that were entrusted to his hands as cashier.

An investigation of his books followed and then for the first time it was found that the trusted cashier had fled, taking with him \$220.36 belonging to the church, and which they had on deposit to his credit at the First National bank.

As soon as the theft was discovered members of the church employed an attorney and an effort was made to locate the missing man. It is said that before the matter can be fully unraveled it will be found that the amount of money taken will be larger. The cash came from members of the church who paid their annual rent to Barz.

The missing man for several years resided in this city on Western avenue, and was respected by all. He took an active part in all affairs pertaining to the welfare of St. Paul's church, and was chosen cashier in 1892.

It is said that he is now making his home in Chicago. He owns property on Western avenue, and on this the church has served summons through their attorney, E. D. McGowan. Members of the church say that Barz owes his downfall to drink and fast living.

SUDDEN CHANGE IN WEATHER

The Blizzard Came Last Night Promptly on Advertised Time.

The cold wave came as advertised last night, and came with a vengeance. The wind blew a hurricane the greater part of the night, and considerable damage was done to the telegraph and telephone lines. The wind whistled around the street corners in the city, and few were venturesome enough to leave their fire-sides unless business of importance called them.

The drop in the mercury was sudden and pronounced. All day the temperature had stood far above the freezing point, but at midnight the rain became congealed and fell in a blinding sleet, cutting the flesh as with a knife. A little snow fell later, but not enough to interfere with street car travel.

This morning daybreak came upon a dismal prospect. The trees were coated with ice, and their limbs were bent and twisted with its weight. The wind had been the salvation of many of the finest shade trees in the city, for it had shaken the moisture from the boughs before it had had an opportunity to congeal.

Winter has indeed come, and apparently to stay.

STRONG WIND DELAYS TRAINS

Freight Trains From the North Show Signs of Heavy Snows.

Strong prairie winds east of White-water proved too much for the Milwaukee Janesville morning passenger train on the Chicago, Milwaukee & St. Paul railroad this morning, and she pulled into the Bower City several minutes behind time. The train crew said that the wind on the prairie blew a cyclone, and that they were unable to make time against it.

Freight trains arriving from the north were partially covered with snow and ice.

STORM STILL RAGING

Traffic and Business Are Impeded by the Blizzard in the Northwest.

Chicago, Nov. 22.—[Special]—The blizzard continues to rage in the northwest. The thermometer is falling in all sections. Minneapolis reports ten inches of snow, and all business on the streets is at a standstill. Railroad traffic and telegraphic communication are crippled.

MILITIA VERSUS ARMY.

National Guard Opposes Hull Reorganization Bill.

Chicago, Nov. 22.—Officers of all the state national guard organizations in the country which fought in the Spanish-American war will assemble in this city Dec. 14 to formulate a campaign at Washington against any attempt by regular army officers to pass an army reorganization bill designed to cripple the national guard as a national defense.

The meeting of representatives of the volunteer organizations will be the first since the declaration of war, and deep significance will attach to the result of the convention. Last year the union of all national guard officers in one national association was brought about at St. Louis. Over one hundred delegates will be present at the assembly in the Palmer house Dec. 14. A conflict at Washington between army officers said to be interested in the army reorganization bill, which is in the hands of Congressman Hull, chairman of the house military committee, and the volunteer officers all over the country who served in the war, is said to be inevitable when congress meets to consider the reorganization bill. When war was declared Chairman Hull was the prime mover in behalf of the original army bill providing for regiments with over 200 men to the company and for the absorption of the national guard by the regular army. This provision was fought bitterly by the national guard representatives in congress.

Queen Lili Her Own Advocate.

San Francisco, Cal., Nov. 22.—On board the steamer Coptic, which arrived from the Orient via Honolulu Monday, was ex-Queen Liliuokalani of Hawaii. The ex-queen is reticent regarding her mission to this country, but from passengers on the Coptic it was learned that the general impression is that she has come to make formal application for the restoration of the Hawaiian crown lands, valued, it is said, at \$6,000,000. It is claimed by the ex-queen that the crown lands are private property and are not subject to confiscation.

After the Mariposa Grant.

San Francisco, Nov. 22.—Agents and experts of the Rothschilds have been prospecting in Fresno county, paying particular attention to the Mariposa section. They secured an option upon one-sixth of the big grant and have been negotiating with the Mackay and Hobart agents for the remainder of the property. It is expected that work on a large scale will be soon begun. The sum to be paid for the 44,906 acres of the Mariposa grant is said to be upward of a million dollars.

Navy Is in Good Condition.

Washington, Nov. 22.—The American navy is amply prepared for any contingency that may arise out of a failure of America and Spain to agree to a treaty of peace. The North Atlantic squadron can be on the ocean inside of five days. This is Secretary Long's report today on the condition of the navy. A fleet could be placed on the ocean tomorrow, but inside of five days everything could be in the best shape.

Myers Sentenced to Prison.

Milwaukee, Wis., Nov. 22.—John Harvey Myers, who wrecked the Home Building and Loan association and the Glendale Investment company, Monday pleaded guilty to a charge of embezzlement and was sentenced to four years' imprisonment in the penitentiary at Waupun. Myers confessed to a shortage of \$30,000, but the actual amount is considerably larger.

Maria Teresa Abandoned.

Nassau, N. P., Nov. 22.—The officers and experts who were charged with examining the wreck of the Maria Teresa have decided that it would be useless to attempt to save her, and she has therefore been abandoned to be pounded to pieces by the sea.

ALL IN READINESS
FOR THE BIG FIGHTCORBETT AND SHARKEY WILL
MEET THIS EVENING.

Fears of Police Interference Have Been Dispelled.—The Betting Still Large-ly in Favor of Pompadour Jim—Sharkey Expects to Lay His Opponent Out Easily.

New York, Nov. 22.—[Special]—All is in readiness for tonight's great battle between Corbett and Sharkey. The fear of police interference has been dispelled, and unless the men resort to rough tactics, the fight will continue to the limit, or until one of the men wins. The city is crowded with lovers of boxing from all parts of the country. The sale of seats has been enormous and the building will be packed to its utmost capacity.

Corbett has partially outlined his plan of battle. He says he will lay back for the first three or four rounds and study his opponent. Then he proposes to wade in, and as he says, show his friends that he is the Corbett of old and a great deal better. The general view of sporting men is that Corbett will win. Sharkey, however, has a large following of admirers who think he will wear Corbett out with furious rushes, and end him with one of his terrific punches.

Corbett remains ten to eight the favorite. Friends of Sharkey from the far west are expected to arrive today with big rolls, and may make betting lively. Dan Stuart has made a bet of \$3,000 to \$2,400 that Corbett will win. The advance sale of seats up to ten this morning amounted to \$35,000.

COMPLETE STREET CONTRACT

Considerable Work Will be Under Way Next Spring.

The last piece of road macadamizing to be finished in Janesville this year was completed today by the finishing touches being placed on South Franklin street. This piece of road would have been finished last week had not the curb line question been taken into the courts.

It is expected that considerable road building will be undertaken in this city in the spring, for in all portions of the city it is badly needed.

DAYS OF GRACE
ARE NEARLY OVERSPAIN WILL HAVE TO COME TO
TIME ERE MANY DAYS.

American Commissioners Are Tired of Delay and Are Arranging to Return Home—Philippine Islands Are Loyal to Aguinaldo—Spaniards Evacuate Pinar del Rio.

Washington, Nov. 22.—[Special]—It is not believed here that Spain will break off the negotiations at Paris, as she threatens to do. Yet if such an event occurs this government is prepared for the emergency. Steps have already been taken to seize the Philippines, the Ladrones and the Carolines in case the Spanish commissioners shall carry out their threats. It has been expected all along at the state department that there would be something of a crisis at Paris, as it has been well understood that the Spanish commissioners would not come to an agreement until forced to do so.

In case the negotiations are broken off permanently the president will make no further attempt to conciliate Spain in any way, nor will there be any subsequent offer of the money indemnity for the Philippines. This country will be a gainer to that extent by the breaking off of the negotiations, and hence no serious attempt will be made to influence the Spaniards to definite action. They have been notified that they must accept or decline the American proposition, and it is believed that, following out their traditions, they will attempt to do neither, hoping that in some way they may be the gainers. The American commissioners in Paris need no final instructions, as they are fully in accord with the administration, and understand that the paper presented today, while not technically an ultimatum, is really one, and will be treated as such by both sides.

LOYAL TO AGUINALDO

Philippine Islanders Are Opposed to Annexation Unless He Assents

Manila, Nov. 22.—[Special]—Lieut. Wilcox, of the navy, has returned from an extended reconnaissance of the Island of Luzon. He reports general allegiance to Aguinaldo, even among the semi-savages. All oppose American annexation, and want complete independence. He says we will have trouble in subduing them unless Aguinaldo assents to annexation.

For Minimum Wage Scale.

London, Nov. 22.—Immediately upon the reassembling of parliament the parliamentary committee of the Trade Union congress will introduce a measure for the establishment of a minimum wage of \$6 per week for forty-eight hours for all government employees. TONIGHT WILL SETTLE IT

Why Smith Left Home Will Be Fully Explained at the Opera House.

The first performance of George H. Broadhurst's latest farce "Why Smith Left Home," will occur at the Myers Grand, Tuesday, Nov. 22. The company engaged to illustrate the new farce is a good one and comprises the following clever people: Madlyn Arbuckle, M. B. Snyder, Fred W. Peters, Harry Webster, Maurice Darcy, Harry Rose, Marius Giroux, Annie Reamans, Blanche Chapman, Gertrude Roosevelt, Rose Snyder, Dorothy Usher and Jessie Conant. "Why Smith Left Home" is said to be one of the cleanest farces on the boards. It involves no shady characters and its dramatic personae includes no invasions into questionable flats or off-colored hotels which of late years have furnished the reason for being in most farces. Another novelty in Broadhurst's latest effort is the omission of that stereotyped line "that man certainly is crazy." The cases of mistaken identity are so managed that the old device of lunacy is not called into requisition. The acting of the company is said to be uncommonly good.

Dreadfully Nervous.

GENTS:—I was dreadfully nervous and for relief took your Karl's Clover Root Tea. It quieted my nerves and strengthened my nervous system. I was troubled with constipation, kidney and bowel trouble. Your tea soon cleansed my system so thoroughly that I rapidly regained health and strength. Mrs. S. A. Sweet, Hartford, Conn. Sold by People's Drug Co.

Chief of Police Hogan was near when the accident happened, and when he reached the dog life was extinct.

The canine was a water spaniel, and is said to have belonged to Charles Withington.

FIVE SCARLET FEVER CASES

They Are All of a Mild Nature.—Patients Are Children.

City Health Officer Gibson reports five scarlet fever cases in the city, and on each of the houses where the disease has manifested itself a card has been placed. In all of the cases the disease is of a mild nature, and the recovery of the patients is only a matter of a short time.

The patients are nearly all children, and with the present cold weather there is not much danger of the disease spreading.

TURKEYS ARE ALL THE RAGE JUST NOW

LARGE DEMAND FOR THE GREAT AMERICAN BIRD.

An Abundant Supply, But Prices Are Stiff and Promise to be Higher—Every Family Seems Determined to Dine Well for at Least One Day in the Year.

Turkey is king in Janesville this week. The juicy beef, the succulent mutton and the tender veal have all been relegated to a rear seat, and the gobbler and his pensive mate have risen to the place of supremest honor in the estimation of the housewife. A home without a turkey for the uses of Thanksgiving day is almost unknown in Janesville.

Merchants throughout the city report that poultry of every description is more plentiful than usual this year. Turkeys by the thousands are coming in ready dressed for the Thanksgiving services. A few geese, both tame and wild, are seen on the markets and there is a sprinkling of chickens here and there. But the turkey is everywhere in the place of honor, and is

A GREAT REMEDY.

From Sufferers from Piles.

Dr. Redmond, a specialist in the study and treatment of piles and rectal diseases, recently stated that the Pyramid Pile Cure, the new discovery for the cure of piles, was the most remarkable remedy he had ever seen or tried in one respect, and that was the instant relief experienced in all cases, no matter how severe, from the moment the remedy was applied. This was the more surprising to him because he had carefully analysed the preparation and no trace of opium, cocaine or similar poison could be detected.

Physicians look with great favor upon the Pyramid Pile Cure, because it is rapidly-taking place of surgical operations and because it is so simple, so easily applied and contains no mineral or other poisons so commonly used in cures.

Dr. Esterbrook reports that the Pyramid Pile Cure not only cures the various forms of piles, but never fails to give immediate relief on the first application, no matter how severe the pain or discomfort may be.

People who have suffered from piles for years are often astonished at the instant relief experienced from the first application. Another important advantage is the fact that anyone can use the remedy without detention from business or interference with daily occupation. Sold by druggists at 50 cents per package.

Send to Pyramid Drug Co., Marshall, Mich., for free book on cause and cure of piles.

COLLECTS A BAD DEBT.

State War Claims Applied to an Old Account.

UNITED STATES IS CREDITOR.

Indian Bonds Purchased by the Federal Government Have Never Been Collected—Comptroller of the Treasury Takes a Decided Stand in the Matter.

Washington, Nov. 22.—Comptroller of the Treasury Tracewell has rendered an opinion that will, he says, make the claim presented by Arkansas, Florida, Louisiana, North and South Carolina, Tennessee and Virginia for equipping volunteer troops for the Spanish war look like 7 cents. The states named are indebted to the United States in sums ranging from \$1,000 to \$700,000 for Indian bonds purchased by the United States in order to protect the Indians, for whom the states designated acted as trustee. The United States has never been able to collect 1 cent of interest, much less any of the principal. The comptroller decides that the amount claimed by these states for expenditures in equipping volunteers for the war with Spain shall be credited as part payment on their indebtedness to the United States. The comptroller says this is the only way the United States can ever collect any part of the money due on the Indian bonds, as a state cannot be sued and most of the bonds have matured years ago.

New Design for Bank Bills.

Washington, Nov. 22.—Secretary of the Treasury Gage long ago decided to have all bills of the same denomination have common resemblance. That is, he wishes the \$5 silver certificate, the \$5 United States note and the \$5 Sherman treasury note to look as much alike as they reasonably may. The advantage of this unification of the currency will be great in the case of persons handling money in large amounts, in the case of persons of defective vision and in the case of those who cannot read and write and rely on the general appearance of a note to determine its denomination.

Blacklisted Man Wins.

Norwalk, O., Nov. 22.—The circuit court has affirmed the verdict rendered in the common pleas court, against the Nickel-Plate railway, awarding damages to Frank Schaffer, a brakeman. Schaffer claims that he was blacklisted by the company, in consequence of the latter's refusing to give him a certificate of good character as an employee, so that he was unable to obtain employment on any other railroad. He brought suit against the company in the Huron county common pleas court and was awarded a verdict of \$5,000.

Choose Depew for Senator.

Buffalo, N. Y., Nov. 22.—Several pages of interviews in the Buffalo News indicate that Chauncey M. Depew is the popular choice of the people of western New York for United States senator.

FOR MARTIAL LAW.

Gov. Tanner Issues a Proclamation Regarding Pana, Ill.

Springfield, Ill., Nov. 22.—Gov. Tanner Monday night issued a proclamation placing Pana under martial law, establishing as a military district the corporate limits of the city and all the additions thereto and one mile beyond the limits of the city and its additions, and forbidding all persons to carry any arms, such as guns or pistols, either publicly or privately, within the district, and commanding all persons who bear arms within such prescribed distance to surrender the same to the officers commanding the national guard in Pana within forty-eight hours after the publication of the order, who will receipt for the same.

The commanding officer is ordered to take possession of all arms in the hands of miners or citizens in the district mentioned, and the governor establishes martial law as being necessary, in his judgment, to execute the laws.

Persons with arms in their hands will be arrested by the military authorities, as if they intended a disturbance of the public peace.

Against an Extra Session.

Washington, Nov. 22.—Republican senators and representatives who have arrived here to attend the opening of the short session of congress express themselves almost unanimously against an extraordinary session next spring. They have taken their cue from Chairman Dingley of the ways and means committee and declare the occasion for a special meeting of congress will not arise. They say all necessary legislation can be enacted at the short session and the settlement of the war complications can wait until December next year.

National Grange Favors the Canal.

Concord, N. H., Nov. 22.—The National Grange defeated a resolution prohibiting grange officers from engaging in politics. Chairman T. C. Atkeson of West Virginia, for the committee on foreign relations, reported resolutions favoring a liberal appropriation for the American agricultural exhibition at the Paris exposition in 1900, and congratulating the grange on the continued prosperity of American agriculture. The report was adopted.

PEOPLE WE KNOW.

They Are Janesville People and What They Say Is Of Local Interest.

When an incident like the following occurs right here at home it is bound to carry weight with our readers. So many strange occurrences go the rounds of the press, are published as facts, when the intelligent reader knows they cannot be true, there is no wonder that people become skeptical. On one subject skepticism is rapidly disappearing. This is due to the actual personal experience of our citizens and their public utterances regarding them. The doubter must doubt no more in the face of such evidence as this. The public statement of a reputable citizen living right here at home, one whom you can see any day, leaves no ground for the skeptic to stand on.

Mrs. S. L. Beeden of 64 S. River St., says: "During the last two or three years I suffered most of the time with a terrible dragging down pain in my back just over the kidneys. It was very trying when I was at work, and if I did any lifting my bladder became effected, causing me considerable annoyance. I also had attacks of headaches, which seemed like congestion in the top and back of my head. When I read about Doan's Kidney Pills I did not have any too much confidence in them, but my daughter got a box at the Janesville Co. drug store and persuaded me to use them. I am very glad I did so for they took right hold and in a wonderful change in my condition. I hardly realized how bad I was until Doan's Kidney Pills brought me relief from the afflictions. I have recommended this remedy on several occasions, and will do all that I can to let others know of its merits."

Germany and the Sugar Trade.

Berlin, Nov. 21.—The annexation of the Philippines, Cuba and Porto Rico is greatly feared by Germans interested in the sugar industry. It is feared that the American sugar monopoly will be able to effect the entire exclusion of German beet sugar.

THIS DAY IN HISTORY.

1643—Robert Cavalier Stur de La Salle, explorer of the Mississippi valley, born at Rouen, France; killed by mutinous followers in 1687. La Salle was a Canadian settler engaged in the fur trade. He built a vessel on Lake Erie and navigated all the lakes, and finally descended the St. Lawrence, Mississippi in canoes to its mouth. Being commissioned by the king of France to plant a colony in Louisiana he sailed from Europe in 1683, entered the gulf of Mexico, but failed to reach the mouth of the Mississippi. Proceeding westward he landed in Texas, where great difficulties were encountered, ending at last in mutiny.

1733—Philip John Schuyler, American soldier, born in Albany, died there in 1804. 1738—Donald Stewart, eminent Scottish philosopher and statesman, born in Edinburgh, died there in 1828. 1810—George Eliot (Mary Ann Evans), the English novelist, born at Griff, England; died 1880. 1875—Henry Wilson, distinguished senator, died while vice president, born 1812.

EXTENT OF THE LA FOLLETTE DEFLECTION.

Milwaukee Evening Wisconsin.—When Gov. Scofield was nominated at the state convention, as fairly and honorably as a candidate was ever nominated, it was hoped that the partisans of La Follette would drop the hatchet and support the nominee. Yet such was not the fact. Jesse Stone, the candidate for lieutenant-governor, runs 14,000 ahead of Gov. Scofield. These 14,000 votes undoubtedly represent the full extent of the La Follette vote in this state. The defection is not so large as anticipated, as the fiery partisans of La Follette intimated at the state convention that they could defeat Scofield by refusing to vote for him as governor. They then imagined that they could control the vote of from 40,000 to 50,000 dissatisfied republicans through the leaflets and campaign literature which emanated from the La Follette headquarters at Madison. They calculated they had poisoned the minds of tens of thousands of republicans against Gov. Scofield, and after Gov. Scofield was nominated there was not a positive sign for Mr. La Follette to support the nominee, and some of his followers openly declared in his presence they would not support Scofield. For positive proof of this fact see the Sentinel reports published during the convention.

Under these circumstances the exact strength of the La Follette faction is registered in 14,000 votes, or not one tenth of the full republican vote of Wisconsin. Honest and patriotic republicans all over the state can now understand the full extent of the influence of La Follette in bending his politics to his whims and his theories. The vote is not an altogether insignificant factor, but fortunately it is so insignificant that it cannot defeat the regular nominee of the party at a contested election. Mr. La Follette will make another attempt in 1900 for a gubernatorial nomination, and then when his followers come to the state convention and speak of the immense popularity of their candidate republicans can refer to the vote of 1898 as illustrating the folly of yielding to the clamor of a noisy set of partisans who loudly declare that they can sweep the state if their candidate is nominated. Good republicans had hoped that the friends of La Follette would not be so foolish as to bolt the head of the republican ticket, as that could not be done by men continuing to be classed as republicans, while at the same time the vote which they cast would be the exact limit of the number who would support La Follette and nobody else if he were not nominated at the state convention.

Since the republican party has achieved so triumphant a success it is wise to note at the present time exactly the sore spots which may break out in another canvass against fairly nominated republican state ticket. The extremist friends of La Follette are immensely disappointed that they could not show more strength at the polls in their effort to defeat a reelection of Gov. Scofield.

GRANT A FRANCHISE
TO TELEPHONE CO.NEW COMPANY CAN NOW GO
TO WORK.Rights Are Granted Without Disse-
Last Night—Preliminary Steps
Taken to Re-vacate Wall Street
Crossing—Macadamizing Is Paid
For—Other Business.At last night's meeting of the com-
mon council, the aldermen voted:
To grant a franchise to the Rock County Tele-
phone company.
To take the necessary steps to again vacate
Wall street so that the new depot may not be
moved.
Paid bills, received reports, etc., etc.All the aldermen were present. The
report of the Board of Education was
ordered published. The report of the
city engineer was received and filed. An
auctioneer's license was granted to H. B.
Jones. A petition for the vacation of Wall
street crossing was presented, and re-
ferred to the Highway committee. Later
Chairman McLean, for the committee,
reported that it appearing that the same
was signed by all of the owners of lots
or land on the part of said Wall street,
proposed to be vacated and by two-
thirds of the owners of lots or land on
the remainder thereof, and that notice
of such application has been filed in the
office of the register of deeds that such
application be acted upon in so far as
relates to Wall street, on December 5, at
8 p.m., and that notice of the same be
published in the official paper. Report
adopted.

Remove Names From List

A communication from Mr. and Mrs.
B. Spence to the effect that certain
property on Wall street, formerly owned
by them, had been transferred, and
that their names subscribed to a petition
to vacate the street should be taken off
as they had no property on the street,
was on motion of Ald. McLean received
and placed on file. Attorney Ruder af-
terward explained that the petition had
enough names after taking these signa-
tures into account.On the recommendation of the finance
committee a number of bills were ordered
paid. This committee also reported
that Ed. A. Hyde had made an examination
of the books of City Treasurer
Fathers and found them to be correct
and that his report had been made and
was on file.

The Telephone Franchise

Ald. McLean, from the committee to
whom was referred the franchise asked
for by the Rock County Telephone com-
pany, presented a substitute franchise
which had been agreed upon and which
the committee recommended be adopted. The
franchise is somewhat different from
the one submitted by the company.
The new franchise grants the company,
its successors and assigns the right to
construct, maintain and operate a
system of telephones in Janesville, to
continue while the system is maintained
and operated, but subject to certain
conditions and reservations. The city
reserves the right to string on the poles
of the company the fire alarm and police
wires. The company shall at any time
at the request of the chief engineer of
the fire department place upon such of
its poles as may be designated, at least
18 inches above all cross arms, a six pin
cross arm, with suitable and proper
glass insulators for fire alarm and police
wires. These wires shall not interfere
with the telephone wires and shall be
maintained and kept in repair by the
city.

Furnish Free 'Phones.

The telephone company shall furnish
telephones free for the city clerk's office
and each of the fire department stations
now or hereafter established. In case
additional telephones are desired in
school buildings or offices they are to
be had at half the established rate for
business purposes upon the condition
that the telephones of the Rock county
company be used exclusively. The com-
pany in constructing its system shall
perform the work with due care and dis-
patch and avoid all unnecessary ob-
struction to travel and injury to persons
and property and restore all streets,
alleys, and public grounds, gutters and
bridges to their former condition as
nearly as practicable; shall not unne-
cessarily or permanently disturb any gas
or water mains, sewers or drains now or
hereinafter laid in the streets, alleys or
public grounds by consent of the city,
and shall return the same to their for-
mer condition. Whenever any street on
which any of the poles have been set
shall be graded, macadamized or paved
the telephone shall, when necessary, re-
set its poles at their expense to conform
to the street as recommended.

Other Conditions

When the conductors of all telephone
and telegraph lines in the city shall be
laid by municipal compulsion, under
ground, the city reserves the right to
compel the company to place its con-
ductors under ground in such manner
as may be convenient and reasonable.
The grant is made subject to the condi-
tions and provisions of an ordinance en-
titled, "an ordinance to regulate the
stringing of wires in the city of Janes-
ville" passed Oct. 10, 1892, and to such
ordinances as are now in force or may
hereafter be in force, of a police nature,
which the city is authorized and may
deem proper to enact. Nothing in the
ordinance shall be construed as exempting
the telephone company from the
operation of any rules, ordinances or
section of the common council equally
applicable to all other telephone or tele-
graph lines operating in the city. The
ordinance shall be of no force or effect
unless the telephone company shall
within sixty days from last night file
with the city clerk its written accept-
ance of the same, together with such a
bond as the council may require condi-
tioned that the company will put in op-eration a telephone exchange in this
city within one year from the date of
the acceptance of the ordinance.

Ordinance Is Passed.

The ordinance was read the first and
second time. The rule was then sus-
pended, and the ordinance was put upon
the passage. Alderman Carpenter and
City Attorney Burpee explained that
they had objected to a clause in section
five, but that the other members of the
committee had voted them down. The
ordinance was then passed without dis-
sent.Alderman McLean introduced an or-
der accepting the work of macadamiz-
ing portions of High and Dodge streets,
and for the payment of \$694.47 to J.
H. Watson in full for the work, \$439.24
to be paid from the general fund and
\$255.23 from Fifth ward fund; also that
a special tax be levied for the macada-
mizing, surveying, assessment roll, in-
spector, setting curbing, etc., to the
amount of \$1,237.14. Adopted.

FIERCE STORM IN THE WEST.

Stock by the Hundred Will Perish in Nebraska.

SNOWDRIFTS MOUNTAIN HIGH.

Herders Unable to Render the Slightest Assistance to Their Charges—From Manitoba to Kansas the Storm Is General—Felt in Iowa.

Omaha, Neb., Nov. 22.—A blizzard of extraordinary proportions prevailed in Nebraska last night. It was dangerous for man or beast to face the elements on the prairie. Tons of snow were tossed about the streets of Omaha by the wind, and the mercury reached the zero point at a number of places in the state, and is sinking lower.

It is bad enough here in Omaha, but out in the state, where the wind has an unimpeded sweep for miles, the snowdrifts are piled mountain high. Though but few inches on the level has fallen for miles, the prairie is swept clean, only to be heaped up at points favorable for accumulating drifts, until it defies the artificial forces to remove it.

Reports from the range country show much apprehension as to the cattle and sheep. It is the kind of storm that stockmen most fear, and no succor can be offered the suffering herds until the storm has abated. The weather reports indicate that the storm will rage several days, growing more intense later.

Stockmen have no idea how their herds are faring, as it would be as much as a herder's life is worth to venture out on the prairie. The larger bands of sheep feeding in the state were well prepared for the storm, which was predicted as early as Saturday, and the loss from this source will not be as heavy as it otherwise would have been, but no preparation could save range stock in such a case.

Dakota Is Storm-Hound.

Minneapolis, Minn., Nov. 22.—The snow is general throughout Minnesota. Heavy winds are blowing at most points and the temperature is falling, having dropped to zero in the northern part of the state. The situation in North Dakota is worse than in Minnesota, and the temperature at points in the state is 8 to 10 degrees below zero, with the snow falling and wind blowing, making a veritable blizzard.

From Manitoba to Kansas.

St. Paul, Minn., Nov. 22.—The first snow of the season began falling here at 8 o'clock this morning, and by 1 o'clock in the afternoon it had developed into a blizzard. Late in the day it grew rapidly colder and the signal service reports that the temperature is below zero at many points. The storm extends from Manitoba on the north to Kansas on the south.

Raging Blizzards in Iowa.

Sioux City, Iowa, Nov. 22.—A blizzard is raging throughout this territory, and all trains are late and a general blockade inevitable. Telegraph service is suffering little, but the telephones are nearly useless. Local traffic is suspended. All the schools closed Monday. Heavy losses in range cattle are anticipated.

National Road Convention.

St. Louis, Mo., Nov. 22.—The trans-Mississippi good roads convention was called to order Monday by President Moore of the state association, with 1,500 delegates in attendance. R. W. Farris of Laclede was elected president and a number of papers were read. It is expected that the convention will formulate some plan, with the assistance of the delegates from outside points, which will make the association a national congress.

Silverware Trust Formed.

Trenton, N. J., Nov. 22.—Articles of incorporation of the International Silver company, the silverware trust, were filed with the secretary of state Monday. The capital has an authorized capital stock of \$20,000,000, of which \$9,000,000 is preferred stock, to receive 7 per cent cumulative dividends, and the remaining \$11,000,000 to be common stock.

Accused of Taking \$115,000.

Holyoke, Mass., Nov. 22.—Ex-Tax Collector James C. Keough was arrested at his home by City Marshal Gorman on warrants charging him with the embezzlement of \$115,000 received by him as collector of taxes. The ex-collector took his arrest philosophically. He was taken to the police station, where he was locked up in a cell.

Strike Closes the Mills.

Augusta, Ga., Nov. 22.—Three thousand cotton mill operatives struck here Monday on account of a reduction in wages, and the King, Sibley Enterprise, Isetta and Shamrock mills were compelled to shut down from lack of men to operate the machinery. The strike is the result of an 8 to 25 per cent cut and was expected.

Coblenz Declared to Be Safe.

Berlin, Nov. 22.—The report that the North German Lloyd steamer Coblenz had sunk with 600 persons on board is denied at the offices of the company here. The Coblenz, which is bound for Brazil, reached Oporto yesterday.

Big Beet-Sugar Enterprise.

Detroit, Mich., Nov. 22.—Prof. E. Salich, beet expert, has arrived here from Chicago en route to Monroe to choose a site for a beet-sugar plant to cost \$500,000, which will produce sixty tons of refined sugar daily.

Nerves Unstrung

A Weak Stomach; Sleepless, Nervous, Irritable; Pains in Chest and Stomach. Cured by

Dr. Miles' Nervine.

Nearly every disease is the sign of poverty, either of the blood or of the nerves. When the brain, cells and nervous tissues are used up faster than they are repaired, not only the brain and nerves, but every vital organ of the body cries out for help. Headaches, neuralgia, heart disease, nervous dyspepsia and liver and kidney troubles run rampant in the helpless system, destroying whatever strength remains, until the breakdown comes and then—Dr. Miles' Restorative Nervine is doing a world of good for such weak nervous people, whose brain and body are overtaxed, but who may yet be saved from a state of indescribable wretchedness and restored to lives of happiness and industry. By soothing and strengthening the secretive glands of the digestive organs it facilitates digestion and assimilation, while the nervous system is rapidly built up again and put to work without confusion, thus bringing all the important organs into harmony and restoring perfect health.

In the following letter Mrs. H. L. Kedman, 80½ E. Main street, Meriden, Conn., tells how her health was restored: "For several months I suffered

very severely from extreme nervousness. My sleep was broken, my appetite failed me and I was threatened with nervous prostration. I could scarcely endure the slightest noise about the house; my nerves were completely unstrung and distressing pains across the stomach and in the chest made life to me a miserable existence. My nights were long and tiresome and I was obliged to refrain from all efforts of any character. I began taking Dr. Miles' Restorative Nervine and the first night slept soundly all night. I can truthfully say that Dr. Miles' Nervine cured me, and I recommend it to the suffering everywhere."

"It is with pleasure that I write of the benefit I have received from the use of Dr. Miles' Nervine and Anti-Pain Pills. I have suffered for 5 or 6 years from a serious nervous trouble for which I doctor continually, but could find nothing that would do me any good until I got a bottle of Dr. Miles' Nervine. It helped me right away and since I began taking it my health has improved wonderfully and my nervous trouble has been cured. I would advise anyone who has nervous

troubles to give Nervine a trial for I know it will give satisfaction. I use Dr. Miles' Anti-Pa'n Pills in my family for headache or any aches or pains and they give good results at all times."

MRS. ANNIE BRANNON, Rosine, Ky. "About four years ago I was taken with nervous prostration. The doctor was called, and while he got me on my feet I was very weak, faint and altogether out of sorts. I finally got a bottle of Dr. Miles' Nervine and I began to rest better and gain strength almost from the first dose. I received great benefit from the use of Nervine and can recommend it highly for nervous troubles and weak, run down conditions." MRS. DOW HEAGLE, Sing Sing N. Y.

All druggists are authorized to sell Dr. Miles' Nervine on a guarantee that first bottle will benefit, or money refunded. Be sure and get Dr. Miles' Nervine. Take nothing else. Write us about your troubles and ailments and we will give you, absolutely free of charge, the honest advice of a trained specialist. Booklet on heart and nerves sent free. Address DR. Aims at American Sausage. Berlin, Nov. 22.—The Kolnische Zeitung, in an article supposed to be inspired, advocates an absolute prohibition of the importation of sausages. This advice is aimed at the American market.

Take Up Alton School Case. Alton, Ill., Nov. 22.—The Alton school case was again called Monday in the circuit court and finally went to trial. The trial will probably occupy all the week.

LIVER TROUBLE—JAUNDICE

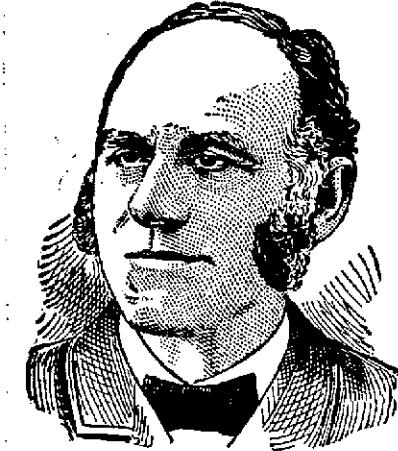

He Was Reduced to a Very Weak and Feeble State.

"I Took Dr. Greene's Nervura and Now Feel as Well as Ever."

"All of Which Dr. Greene's Wonderful Nervura Has Done."

"About one year ago I was in Providence, R. I., and one day slipped on the sidewalk and fell. The fall produced a very severe injury of my hip and I was laid up for eight weeks."

"Soon the grip set in, followed by the jaundice, and I was reduced to a very feeble state. All the doctors could do me no good. The grip was very severe and left me low. I had one of the most skillful doctors in Providence, but to no avail, and the same result came from treatment at home."

"After all the doctors failed I commenced to use Dr. Greene's Nervura blood and nerve remedy, and am now feeling as well as ever, all of which Dr. Greene's Nervura has done."

WARREN C. NYE, Barre, Vt.

Dr. Greene, 148 State Street, Chicago, Ill., acknowledged to be the most successful physician in curing disease, invites the sick to consult him free personally or by letter. Use his wonderful remedy and write him about your case.

Spain Abandons Hope of Saving the Philippines.

INSTRUCTIONS FROM MADRID.

Commissioners at Paris Told to Yield to the American Demands—Early and Harmonious Agreement Looked For—Our Position.

Washington, Nov. 22.—Private advices received here from Paris from absolutely trustworthy sources report that the meeting of the peace commissioners Monday was most harmonious and that none of the Spaniards withdrew or signified an intention to dissolve negotiations or absent themselves individually.

The advices further report that the Spanish commissioners have been instructed to yield to the American demands in regard to the Philippines, and that the American commissioners are now confident of an early and harmonious agreement.

At a late hour Monday night Secretary Hay said he had received no official advice from Paris of a dissolution of the conference or the withdrawal of any of the Spanish commissioners. It is believed here that were the negotiations threatened with failure the American commissioners would notify the president promptly.

FIX THE TERMS.

American Commissioners Name the Conditions of Peace.

Paris, Nov. 22.—The American peace commissioners Monday delivered to the Spanish commissioners the final and irreducible terms of the United States. These terms are summarized as follows:

1. The Spanish proposal to arbitrate the meaning of the third article of the peace protocol is rejected.

2. The United States demands the cession of the entire Philippine archipelago, and offers Spain an indemnity of \$20,000,000 for her pacific expenditures in the islands.

3. The United States declares a policy of "open door" in the Philippines to the world's commerce, and offers Spain for a series of years the same trading terms in the islands as shall be enjoyed by American ships.

4. The United States proposes, on the terms heretofore named, a mutual relinquishment of all public and private claims between Spain and the United States arising since the beginning of the Cuban insurrection.

5. The United States desires a definite answer to Monday's proposals, and a settlement of all other matters at issue, on or before Nov. 28.

6. The United States insists that the religious freedom of the Caroline islands be considered as settled by the treaty of 1836.

7. Conditional upon the acceptance of these proposals by Nov. 28, the United States offers to treat for the purchase of Kousaie, or Strong's Island, in the Carolines, and other cable stations.

NEGOTIATIONS NEARLY ENDED.

Belief in Paris That the Treaty of Peace Will Soon Be Signed.

Paris, Nov. 22.—It is considered here that the Spanish-American negotiations are practically ended. The press already is beginning to philosophize thereon. Le Figaro says: "In this unequal struggle Spain perceives that she has had against her not only the appetite of the conquerors, but the complicity and forethought of Great Britain. Great Britain not only encouraged the American claims in the Philippines, but she approved by her silence the singular theories of the victors concerning the Cuban debt. Thus the laborious negotiations on the Quai d'Orsay have had the effect of displaying once more the selfishness and versatility of Great Britain."

The afternoon papers all touch on Monday's sitting of the peace commissioners. La Liberte declares that it knows on good authority that Montero Rios no longer expects the support of any foreign nation in his resistance to the American contentions, and, it adds, "Spain's cession of the Philippines may be considered as virtually an accomplished fact." Le Temps holds the same view.

OFFERS CALLED GENEROUS.

London Papers Comment on the American Proposals.

London, Nov. 22.—The papers concede the generosity of the offers of the United States peace commissioners and express the opinion that Spain would be foolish to reject them. They express universal gratification at the announcement of an "open-door" policy in the Philippines.

The Daily Mail calls the offer of \$20,000,000 as indemnity "a surprising act of generosity."

The papers generally take it for granted that the "open door" will be adopted in the West Indies also.

The Daily News says: "The United States have now become an Asiatic power, and Lord Salisbury clearly has reason to predict that the expansion of the United States would give Great Britain a valuable ally in the China seas."

Public Opinion in Madrid.

Madrid, Nov. 22.—So resigned have the people of Spain become to letting the colonies go by the board that it is believed Gen. Montero Rios may be forced to capitulate by sheer force of that public opinion which he and his colleagues so greatly fear. No sur-

prise is manifested at the position assumed by the Spanish commissioners regarding the American demand for the cession of the Philippines. It is taken for granted that Spain means to yield the islands in the end, and it is equally taken for granted that a succession of emphatic refusals shall preclude submission.

Occupation Is Delayed.

Washington, Nov. 22.—Unexpected delay has been encountered in the plans for the military occupation of Cuba. It has been found that the Spanish garrisons in Cienfuegos cannot be withdrawn as early as the American commissioners at Havana were at first led to believe, and the occupation of that city by our troops will be postponed for nearly a month. There is now no prospect that the troops will be sent there before Jan. 1.

Mr. Hoar Sees Danger Ahead.

Boston, Mass., Nov. 22.—Senator Hoar was asked: "Do you favor giving the Philippines back to Spain?" "I think we should set the people on their feet and let them govern themselves. My opinion is that if the United States acquires the Philippine islands to govern them as a subject or vassal state the destruction of the American republic will date from the administration of William McKinley."

Filipinos Claim Damages.

San Francisco, Cal., Nov. 22.—At the Palace hotel in this city are registered a number of prominent Filipinos. They come direct from the city of Manila and are en route to Washington to present large claims for damages before the president and cabinet for valuable property owned by the Filipinos destroyed by the American troops.

Wants the Whole Archipelago.

Montpelier, Vt., Nov. 22.—President Brown of Norwich university has received a personal letter from Admiral Dewey under date of Oct. 3, in which the admiral says: "I trust the entire archipelago will be retained by the United States. Any other arrangement will lead to no end of trouble."

Ashes Are Taken to Spain.

Havana, Nov. 22.—The remains of Christopher Columbus were on Monday transferred from the cathedral, where they had rested since they were brought from San Domingo, in the last century, to the Spanish steamer San Augustin, which sailed for Barcelona.

7. Conditional upon the acceptance of these proposals by Nov. 28, the United States offers to treat for the purchase of Kousaie, or Strong's Island, in the Carolines, and other cable stations.

WINE OF CARDUI

Woman's
Crowning Virtue.

BELBON, Mo., July 27.
For years I suffered terrible pains every month and my doctor told me I could not be cured except by an operation. I felt I could not submit to that and was so desperate I had given up all hopes of a cure. My husband is a physician and he has a bottle of Cardui and at last thank God I did not wait. Last month I did not have a pain, and did all my work, which I had not done in seven years.

MRS. MINNIE LITTLE.

MCREE'S
Wine of Cardui

Modesty is the crowning virtue of American women. It is the trait that all mankind admires. A modest woman is the most pleasing of all created things. Because of this becoming virtue thousands of women prefer to suffer untold miseries rather than confide their troubles to a physician, and to even think of submitting to an examination is revolting. They can't get their own consent to an operation. Wine of Cardui permits sensitive women to retain their modesty. With it they can cure "female troubles" in the quiet of their own rooms. If special treatment is required they can write to the Advisory Department of the Chattanooga Medicine Co., and their letters will be promptly answered by women trained in the cure of womanly weaknesses and irregularities. There should be no hesitation. Delayed treatment means a chronic condition. The longer postponed the harder to cure.
